VOLUME III, No. 23

Wednesday, March 18, 1981

County budget up 19%

Highland residents will be paying 19% more for the operation of county services this year. The increase in the budget, some \$110,000 was revealed at the March 18 meeting of the council.

The budget was greeted with dismay by municipal politicians but they were also resigned to the fact many of the increases were unavoidable, the result of wage increases to various employees in the county system, or the result of inflation.

County Warden Murray Fearrey told the councillors the budget committee had problems from the start when it had to deal with a \$32,000 deficit from last year before allotting funds to this year's program. He noted it was difficult to hold the budget to last year's figure without serious cuts in services.

The 1981 county budget calls for an expenditure of \$870,000. With the addition of the 1980 deficit the county will be spending \$903,000.

This amount is reduced by \$176,000 through income earned from provincial grants, fees for land division applications, licences, investment interest, and a rental income of \$15,000.

The amount to be apportioned to the townships is \$684,000 and compares to \$574,000 paid last year. All municipalities within the county will note an increase in their county contributions. These increases range from 20% to close to 30%. The variation in the increase is a result of reassessment currently taking place in most townships.

As an example, while the total amount paid to the county by Anson, Hindon and Minden townships has increased this year, the percentage of the total tax being

contributed has dropped from 18.2% to 17.2%.

Tables and percentages detailing township by township county shares can be found on page two.

County contributions

While the councillors struggled to pare as much as possible from the county budget, members of various organizations waited anxiously to find out if their requests were to be approved. Most of the groups had made presentations to the council in February, painting optimistic pictures of what they could accomplish if the county saw fit to approve their requests.

To say the least, most were disappointed when the figures were announced last Wednesday. A few received small increases, most remained at the same level of funding as last year while some saw their share of the county pie drop.

One of the hardest hit was the Haliburton County Chamber of Commerce. In its February presentation, Chamber secretary-manager Bob Stinson talked of the many programs the Chamber could undertake in promoting the county if its allotment was boosted from \$15,000 to over \$50,000.

The county budget gives the Chamber a \$1500 increase in funding, raising its annual grant to \$16,500. According to one member of the board of directors, the increase does not even cover the deficit which the organization has carried forward from last year.

Other organizations to see their requests denied or grants cut back include the Haliburton County Fair which will receive only \$500 this year compared to \$1000 last year; the Haliburton County Guild of Fine Arts dropped to

\$1,000; and the Economic Development Commission which had been seeking research funds for various projects, found its grant remained constant at \$10,000.

The total grant contribution by the county actually dropped back \$100 from \$35,375.

The big spenders

The major increases within the county system came in the roads department and what is termed general government. The road department will be raising \$48,000 more locally than it did last year to maintain the county road system. The total budget for that department in 1981 is \$442,000. With subsidy received from the provincial authorities, the road system

(more on page 2)

Principal steps down

Brian Mosgrove, principal of the Haliburton Highlands Secondary School is stepping down from that post. His resignation from the position was tendered at the March 17 meeting of the Haliburton County Board of Education.

Mr. Mosgrove will continue as a teacher at the High School. He told The Times he had resigned for personal reasons.

The board intends to seek a replacement for the post from within the school system. If a suitable candidate cannot be found, the board will then advertise outside the area to find a candidate to fill the vacancy.

Feeding more than 300 is not an easy task, but Verna Soyler at the MNR Frost Centre near Dorset is used to it. She was on hand Saturday as visitors descended on the centre to visit the sugar bush, view a number of exhibits and try her pancakes fresh from the griddle. The tasty dinner of pancakes and sausages was topped with the centre's own maple syrup. For more pictures and details on the open house, turn to page 5.

Eakins maintains hold with 2,298 margin

John Eakins has been returned as the member of the Provincial Legislature for the riding of Victoria - Haliburton. The Liberal candidate took the riding with a margin of 2298 votes over his nearest rival, Dave Murray of the Progressive Conservatives. A third candidate, Art Field of the NDP, was a distant third.

Official figures prepared by the constituency's returning officer, Catherine Boyd of Lindsay, show that Eakins received 12,807 votes, Dave Murray polled 10,509 while Art Field received 2,449.

According to the Returning Officer, 62% of the riding's voters went to the polls Thursday, slightly higher than the provincial average of 58% but still below the number who usually vote in a provincial election. The percentages represent 25,771 voters out of a possible 41,063 in this constituency.

Eakins commented following his victory that while he was pleased with the win, his

margin over the second place candidate was reduced this time because of the lower turnout. He described the 62% showing as "unfortunate" and said it was indicative of the "no issue" campaign which the Conservatives waged province-wide.

The incumbent said he was disappointed the three candidates had been unable to meet in an all-candidates meeting. "In the next campaign I intend to demand an all-candidates' meeting right from the start," Eakins commented, "the voters deserve to hear where the candidates stand."

The decline in his percentage of the vote did not discourage the Liberal candidate. "Considering the history of this riding, the results are very favourable."

On the provincial scene Eakins said the Liberals had problems overcoming the large war chest of the Conservatives and the "hand-outs" which the Ontario

premier distributed on his election tours. Eakins refused to give his opinion on the future of the Liberal leader in the province, Dr. Stuart Smith. He said the matter will be left up to the members of the caucus to decide.

Eakins predicted the Conservatives would now become arrogant with their legislative majority. "This will lead to their downfall," the MPP predicted.

Progressive Conservative candidate Dave Murray accepted the decision of the voters philosophically and is already planning for the next provincial election.

"Naturally I am disappointed," he commented, "but the people have spoken and I must accept their decision."

Murray said the party had made inroads locally into the Liberal strength. He said the short campaign made it difficult for a new candidate such as himself to become

(more on page 2)

A number of Minden skaters recently competed in the Kawartha Highlands Interclub competitions. Among those taking part were, from the left, Jana Obee, Karen Cooper, and Lisa Carr all of the Pre-preliminary 'A' Ladies division. More pictures and details can be found on page two.

Skaters compete in inter-club

Krista Irwin and Jo-anne Kerr

Lisa Box and Jennifer Tomlinson.

Skaters from the Minden and Haliburton Figure Skating Clubs participated in the Kawartha-Highlands interclub competition earlier this month in Lindsay. The skaters were competing against youngsters from Bancroft, Bobcaygeon, Fenelon Falls, Lakefield and Lindsay.

This was the tenth such competition and provided the local skaters with an opportunity to compare their ability with those from other clubs. While not all local skaters were able to attain top standing in their divisions, the competition proved to be an entertaining and educational experience for all who took part.

The standings for the skaters from the Minden Club were as follows:

-Pre-preliminary 'A' ladies (9 years and under): Lisa Carr ninth; Karen Cooper twelfth; Janna Obee sixteenth.

-Pre-preliminary 'B' ladies (10 years and over): Julie Holliday-Rhodes ninth; Lisa Box eleventh; Jennifer Tomlinson thirteenth.

-Preliminary ladies: Krista Irwin second; Tanya Willis third.

-Pre-juvenile ladies: Joanne Kerr first; Dayna Atkinson tenth; Tammy Pritchard twelfth.

-Pre-novice ladies: Werna Blakey fourteenth.

-Preliminary similar dance: Tammy Pritchard and Joanne Kerr fifth; Dayna Atkinson and Tanya Willis sixth.

Trophies donated by Minden area merchants included: for Pre-juvenile men from Sid Stamp Fuels; Novice ladies from the County of Haliburton; Juvenile ladies similar dance from Frank Welch Memorial; Juvenile mixed dance from Tom Prentice.

Fire damages truck

Fire seriously damaged the cab and motor of a 1979 model pick-up truck March 20.

The vehicle, driven by Leslie Burke, 31, of Minden, was travelling south on Highway 35 during the late afternoon when the cab suddenly filled with smoke. Burke stopped the truck, opened the hood and the fire broke out.

Police estimate damage to the truck at \$7000. No cause for the fire has been determined.

Constable Dennis Potter investigated the mishap.

Eakins wins

(from page one)

better known in all areas of the riding. "I will be watching the issues in Victoria-Haliburton during the next four years," Murray commented. "I have to become more 'visible' in Haliburton County, to become better known."

While Murray has been a municipal politician in Fenelon Township and served as Warden of Victoria County, he was not that well known in this end of the riding. "We lost heavily in Haliburton," Murray stated. "Either the people are satisfied with the representation they are now getting or I didn't get through to enough

voters. The Haliburton area could have made the difference but they were with the Liberal candidate."

"I have been receiving a number of phone calls from residents in the county following the loss," he stated. "They appear to have a feeling that not much is going to happen in the next few years in the county. I hope they're wrong." The comment follows Murray's campaign theme which emphasized the importance of having an MPP on the government side of the legislature.

"I'm not downhearted though," he commented. "God willing I hope to be able to take another crack at it in the next four years."

County taxes

The following table shows the amount of taxes each municipality will be contributing to the operation of the Haliburton County government during 1981. The percentage figures represent the portion paid by that municipality. Figures in the brackets are those amounts from last year's budget.

The budget is based on a need to raise \$684,000 locally.

NOTE: The percentage apportionment for this year does not total 100 as the province has agreed to cushion the impact of increased tax burden which results from reassessment. This support will not be available next year.

Budget

(from page one)

will be spending over \$2 million this year.

The general government increase will take administration costs for the county from \$89,000 spent last year to \$108,000 in 1981.

Other increases came in social and family services up \$8000; recreational and cultural services up \$8000; health services up \$7000.

Home takes league championship

In a closely fought contest, the Home Hardware team of the Minden Men's Recreational Hockey League has taken the play-off championship. The fifth and deciding game was played Monday evening at the arena.

Minden defeated Hall's Insurance by a 5-3 score. The win gave Home three wins in the best of five final play-offs. The fast-paced game drew a large number of spectators.

Scott Gartshore opened the scoring in the game during the first period when he connected on a pass from Shaine McKelvey. Gartshore was to figure in two other Home goals, including scoring the winning goal for his team.

The first period ended with the score tied 1-1 when Steve Davis scored for Hall's. The assist on his goal went to Barry Shaw.

There was no scoring in the second period as both teams battled for control of the puck. Time and again plays were turned aside by both goalies. Randy Ellison was in

net for Hall's while Doug Pearson guarded the other end of the ice.

Steve Bowcott opened the scoring for Home Hardware in the third frame on a pass from Jim Winn. Hall's responded almost immediately with Dave Edge scoring from Pete Lattner and Dean Hewitt.

Lattner then put Hall's ahead for the only time during the game scoring on a pass from Dave Edge. Dave Dollo tied the game, however, with assists going to Gartshore and

Shaine McKelvey. The winning goal came from Gartshore on a pass from McKelvey with McKelvey adding an insurance marker, unassisted.

Hall's poured on the pressure in the final minutes of the game, pulling their goaltender in favour of the extra player, but were unable to crack the Home defenses and goaltending.

The game marks the end of the recreational hockey season for this season.

Randy Ellison, Hall's Insurance goalie in the Minden mercantile hockey league, stretches to fend off attackers from the Home Hardware team during the championship game Monday evening. Home went on to defeat Hall's 5-3. More pictures on pages seven and nine.

Snowdon still objects to highway exchange

The Ministry of Transportation and Communications may soon be turning secondary highways in Haliburton over to the county to administer while they take over the operation of the Vankoughnet Road. That was the message from County Warden Murray Fearrey as he cautioned Snowdon politicians to bring their objections to the plan forward as quickly as possible.

The subject was raised at the March 18 meeting of the council as Snowdon Deputy Reeve John Francis objected to the plan which was announced sometime last year. Under the MTC proposal, the county would take over the maintenance of Highway 519, which cuts through Snowdon Township to Haliburton Village and north to Redstone Lake in exchange for having the Vankoughnet road taken over by the province and rated as a 100 series highway.

The proposal received the endorsement of the county council last year over the objections of Snowdon-Reeve Bob Vick. He claimed Highway 519 would not be maintained as well under county administration and that six township residents employed by MTC could lose their jobs if the exchange took place.

The trade was delayed last year when the province had

problems finding suitable exchanges to be made with Muskoka area municipalities. The District of Muskoka does not maintain its own roads department and so the trade in that area had to be made with individual municipalities.

However, those difficulties appear to have been ironed out and the provincial authorities are moving to implement the trade.

Deputy Reeve of Snowdon, John Francis, told the meeting that a number of merchants in his township are very upset with the possibility of the exchange. "I am not objecting to the province taking over the Vankoughnet as a 100 class highway," the deputy reeve stated, "but I am concerned what the loss of 519 as a provincial highway will mean to our area." He suggested the portion of Highway 519, north of Haliburton could be offered in exchange but the section through his township should remain under provincial control.

There was some question as to whether the county or the province has initiated the exchange. County engineer Bill Obee commented that the proposal had been advanced by the province. He noted that the province had indicated that secondary highways throughout the province would be turned over to the local authorities. "If we agree

to the exchange now, the province will include grants to assist with needed repair work along 519," Obee told the meeting. "If we delay, those financial incentives might not be there."

Snowdon Reeve Bob Vick asked why the county was considering the agreement when other counties were not being asked to make the same sort of exchange. In addition to the loss of jobs, the reeve claimed, "There is no way the county can maintain the highway as good as the MTC."

The Snowdon politicians said they would prepare a formal presentation in opposition to the exchange to be given at a later meeting.

County Warden Murray Fearrey noted that the politicians would be wise to hurry. "The transfer could come soon," he said.

Editorial

Balancing the books

The residents of Minden Village will be facing another water rate increase this year. Residential users will find their bills \$11.30 higher, while commercial consumers are likely to find an even bigger surprise in those folder post cards. The basic charge for residential users this year will be \$84.60.

As sure as water won't run uphill, the rate hike is bound to upset some consumers. One need only hearken back to the outcry raised last year with the so-called 'retro-active' increase, to realize how volatile the subject of water rates really is.

We feel the council is justified in trying to bring the water service books into balance.

The water system is in place, providing ample, clean water throughout the year. The residents of the village can easily take advantage of the system. The cost of installation and the operating expenses have been identified, and will now have to be paid.

If the current deficit is allowed to remain on the books, or to grow, the cost will still have to be borne by the taxpayers, likely through expensive loans.

We have had the opportunity to examine rate rates from other communities and have found what this community is asking for yearly service is more than reasonable. In some centres additional charges are levied for such "extras" as an automatic washer or dish washer, second or third bathrooms, outside taps, or for fire protection (i.e. hydrants). Many communities use meters with a base rate that is close to what Minden residents are being asked to pay, without the additional charges.

Minden residents are well served by the local system. The rates are generally low and any deficit created by the system will have to come from taxpayer's pockets one way or the other.

The council has taken the right step in attempting to make the system pay for itself. No one likes paying more for anything, but the investment in this case is surely worth it.

Programs needed

The need for some kind of recreational program for youngsters and high school students was never more evident than it is this week during the school break.

It is unfortunate the arena could not have been opened each day for public skating at a nominal charge. Or that some of the high school students could not have been hired for the week to provide activities for the younger children.

It is time the Minden Recreation Committee became more than an arena management board and started creating programs for area youths.

Winter slowly loses its icy grip.

Farm news & views

It should be maple syrup time in Ontario.

However, with the rather mixed-up weather we've experienced this winter, syrup production is quite variable.

There was a good run of sap in many maple trees during the warm spell we had late in February. Very few syrup producers had their trees tapped then, so were not able to take advantage of that flow.

During March the weather has been variable. Several producers have had 2 or 3 good syrup days, with periods of cold weather stopping all sap flow in between. The sugar content has been quite high in the sap which has run to date.

Hopefully there is still lots of time for good weather to provide a bountiful crop of delicious maple products.

The cost of producing maple syrup continues to rise rapidly. Costs are a serious concern to producers. Several new techniques are being tried in a few Ontario sugar bushes this year, to help reduce production costs.

One technique is to use a reverse-osmosis machine to concentrate the sap before it is boiled. The fresh sap is pumped through a tube which has a semi-permeable skin. Some of the water in the sap goes through the skin leaving concentrated sap at the end of the tube. Up to 75% of the water can be removed without using any heat. The pumps do use electricity.

A new innovation being tested is an economizer

evaporator. This unit, developed at the University of Waterloo, is expected to double the fuel efficiency of the evaporator. To evaporate the sap, the system uses waste heat from the steam that is normally vented outside. This reduces the need for costly fuel. A prototype is being tested near Waterloo. This project is funded by the Ontario Ministry of Agriculture and Food and the Ontario Maple Syrup Producers Association.

Two producers in Ontario are testing vacuum evapora-

tors. The boiling sap is placed under a vacuum to reduce the boiling temperature from 100 degrees C (212 degrees F) to approximately 57 degrees C (135 degrees F). The system can operate on energy generated by the waste heat for a 50 per cent energy saving.

Since it can take 3 to 4 litres of oil to produce one litre of syrup in an oil fired evaporator, maple producers are watching these new techniques with interest. As the

Naturalists

Old Man Winter may be reluctant to loose his icy grip, but spring is now upon us. The crocuses in your flowerbed might seem to be the first to brave the frosty nights in bloom, but in fact at least one native wildflower has already pushed its impatient way into the weak spring sunshine.

This annual harbinger is the skunk cabbage, whose strange shapes bring a touch of colour to the leafless woods. Nestled in the warming springs of a sheltered swamp, the "blossoms" of this restless plant are actually hidden within a tightly coiled mass of leaves known as the spathe. This spathe is shaped like a crooked pointed hood, generally dark purple in colour with mottles of yellow and green. Inside the hood, clustered on an upright spike, are the tiny lavender flowers that will bloom and disappear before the coarse two-foot leaves of the skunk cabbage unfurl.

This dense flower spike, sheltered by a hood, is a characteristic shared by several close relatives of the skunk cabbage. The woodland Jack-in-the-Pulpit, which blooms later in the spring, is a member of the same Arum family. So is the Wild Calla, a strikingly beautiful marsh plant whose flower spike is set off by a large pure white backdrop, in an elliptical shape similar to the domestic Calla Lillies. Strangely, these showy plants are also related to the miniscule duckweeds, whose green dots often carpet the surface of marshy ponds in the late summer.

One characteristic sets the skunk cabbage apart - its peculiar odour. When bruised, the plant emits a stench that has been likened to decaying flesh. While this unpleasant smell may detract somewhat from the attractiveness of an early spring bloomer, it may also serve a practical purpose. The odour is especially tempting to the large green carrion fly, one of the few insects that is likely to be on duty for pollination so early in the season. In nature, few things exist without a reason - even smells.

500 taste the sweetness of spring

Springtime sweets

The Frost Centre in Dorset played host to over 500 people Saturday during their annual open house and maple syrup day.

This is the third year for the event. Featured were rock and snowshoe displays in the centre, films about maple syrup production, trapping and fur preparation demonstrations and other activities.

The event which drew the most attention was centered on the sugar bush located just south of the main buildings. Visitors were taken by bus into the bush where they could see maple sap being collected in a number of traditional and modern methods. Maple taffy was poured out onto the snow for all to taste as the visitors enjoyed the balmy spring temperatures and the sweet aroma of the boiling sap in the large evaporator.

Back at the centre's kitchen, pancakes and sausages by the thousands were being grilled for the hungry. Served with fresh maple syrup, the meal was an ideal way to taste the final product of an operating sugar bush.

A spokesman for the centre noted the weather had played havoc with the scheduling of the event. A mild spell in late February caused an early sap run, which was cut short by the return of cold weather and which started again in mid-March. The open house had originally been scheduled for April 4 and had to be moved back to March 21.

In addition to the many families which attended, a busload from Extensicare in Haliburton were on hand as were a number of bus tours from Huntsville.

The spokesman noted that attendance was up 100 from last year and there is a possibility the event might have to be extended to two days if it becomes more popular.

The smokey kettle

Mike Turner pours the maple taffy on the snow as youngsters wait in anticipation

John McLennan explains the intricacies of a beaver tail during the open house

Cooking with maple syrup

When spring is in the air, thoughts of Ontario maple syrup come to mind. Its sweet, rich flavor enhances many foods.

Home storage of Ontario maple syrup is simple, say marketing specialists at the Ontario Ministry of Agriculture and Food. Small, sterilized, sealed containers

may be stored in a cool, dry place for several months, or in the freezer for up to one year. Larger containers of maple syrup should be used within a short time or be repacked and frozen for longer storage. Transfer maple syrup to small freezer containers, leaving a one-inch headspace for expansion, then freeze.

Maple syrup freezes to a thick consistency. To make it pourable, let it thaw at room temperature for half an hour, then shake well. Once opened, however, always reclose containers tightly and store them in the refrigerator or freezer.

And be sure to use some of that Ontario maple syrup you

keep on hand for making delicious Maple Nut Muffins.

Maple Nut Muffins

1/2 cup maple syrup
2 tbsp. melted butter
1/4 cup chopped walnuts
2 cups all-purpose flour
3 tsp. baking powder
1 tsp. salt
1 cup milk

3 tbsp. maple syrup
1/4 cup salad oil
1 egg

Grease 12 large muffin cups. Put 2 tsp. maple syrup, 1/2 tsp melted butter and 1 tsp. chopped nuts into each muffin cup. Set aside. Sift flour, baking powder and salt into mixing bowl. Mix remaining ingredients to-

gether. Add to flour mixture, stirring with a fork, just to blend. Spoon into muffin cups, filling about two-thirds full. Bake at 220 degrees C (425 degrees F) for 20 minutes. Invert on rack set on waxed paper. Leave two to three minutes. Remove pan. Serve warm or cold. Makes 12 muffins.

Monday morning, there was a good turnout of kickers to the fun and fitness program. We exercised in time to music and enjoyed a game of caveman bowling. We ended the session with a lively game of kick the ball.

Later in the afternoon the ladies, now called "The Busy Bees", made their way to the craft room to work on their projects.

Reverend Douglas Miller of Minden United Church held an inspiring service in the Chapel on Tuesday morning. Our thanks to Barbara Trocewicz and Agnes Taylor for their music.

Tuesday was St. Patrick's Day and much to the surprise of everyone, two lively leprechauns made an appearance in the dining room at lunchtime. They stepped and danced and kissed all the residents wishing them 'Top of the Morning'.

Later on the bingo lovers gathered in the main lounge to try their luck.

As always it was a pleasure to welcome Mr. Fred Ballard to play some favorite tunes on the organ for Music Night.

Wednesday evening the games assistants from our own auxiliary were here for Games Night. Everyone enjoyed their games of euchre, cribbage, crokinole and poker. By the way, if anyone finds a lucky rabbit's foot, it belongs to Herbert Shorter.

Wednesday afternoon the communicators met for a very interesting discussion. This is a new activity which was started by two of our trusty volunteers namely Betty Lonsdale and Winnifred Wilson. It has been quite successful and is becoming an event to look forward to every week.

Thursday morning saw the beginning of the Senior Art Club. A good number of men and women met in the craft room to try their hand at drawing. Our Art Instructor is our own very talented Syd Brown. All those who came to the class did a great job and are excited about continuing to discover their talents.

The ladies of Maple Lake United Church brought a delicious assortment of squares,

cake, tea breads, crackers and cheese for our tea party on Thursday afternoon. The food was scrumptious and it was nice to visit with these friendly people.

The residents and

staff of Hyland Crest gave a hearty welcome back to our friends Ray and Marie Jenkins. They have been in Florida for the past three months and we have certainly missed

them. The residents put Ray to work playing the piano for them and rewarded him with lots of hugs and kisses. They all expressed how nice it is to have him back.

Friday afternoon the

Hyland Crest Singers gathered in the main lounge for a sing song. Mrs. Grace Coburn accompanied by Lucille Clarke on the piano led the group in the singing of old favorite hymns

NOW!

YOUR CANADA SAVINGS BONDS ARE WORTH MORE.

EFFECTIVE APRIL 1, 1981 THE RATE OF RETURN ON ALL CANADA SAVINGS BONDS HAS BEEN INCREASED TO 13³/₄% PER ANNUM FOR THE 7 MONTH PERIOD ENDING OCTOBER 31, 1981.

This increases the annual return on all unmatured Canada Savings Bonds for the year which began November 1, 1980 to 12.81% - interest at the rate of 11¹/₂% for the first 5 months and 13³/₄% for the remaining 7 months.

The rate of return for each subsequent year until the Bonds mature continues to be 10¹/₂%. This rate will be reviewed at the time the terms of the new 1981/82 Series are announced this Fall.

CANADA SAVINGS BONDS RATE INCREASE EFFECTIVE APRIL 1, 1981

(Cut out and attach to your Bonds.)

SERIES DATED BEFORE 1977

Series dated before 1977 have a cash bonus payable at maturity. Holders of these Series will receive the higher rate of return through an increase in the value of this bonus payment. The new bonus amount per \$100 Bond of each Series is as follows:

Series	Maturity Date	Cash Bonus at Maturity
1968/69	Nov. 1, 1982	\$16.26
1970/71	Nov. 1, 1981	\$ 9.31
1972/73	Nov. 1, 1984	\$22.76
1973/74	Nov. 1, 1985	\$27.91
1974/75	Nov. 1, 1983	\$ 8.52
1975/76	Nov. 1, 1984	\$11.78
1976/77	Nov. 1, 1985	\$16.07

Bondholders who redeem these Bonds prior to maturity will not be entitled to the cash bonus but only to the original return payable, as printed on the Bond certificates. Bondholders may however continue to cash interest coupons each year and be entitled to the cash bonus.

SERIES DATED 1977 TO 1980 INCLUSIVE

For these Series the annual rates of 12.81% for the year beginning November 1, 1980 and 10¹/₂% for each year thereafter to maturity will apply instead of the rates printed on the Bond certificates.

Each \$1,000 Regular Interest Bond will pay \$128.13 interest on November 1, 1981 and \$105.00 each November 1 thereafter to maturity.

In addition to regular annual interest at the rates stated above, Compound Interest Bonds will earn compound interest at the rate of 10.99% for the 1977/78 and 1979/80 Series, 11.06% for the 1978/79 Series and 10.94% for the 1980/81 Series - these rates are the new average annual yields from November 1, 1980 to maturity of each Series. The new value at maturity of each \$100 Compound Interest Bond is as follows:

Series	Maturity Date	Value at Maturity
1977/78	Nov. 1, 1986	\$242.11
1978/79	Nov. 1, 1985	\$207.03
1979/80	Nov. 1, 1986	\$209.38
1980/81	Nov. 1, 1987	\$206.85

Rate increase effective April 1, 1981.

NOTE: The 1980/81 Series of Canada Savings Bonds remains on sale until further notice. The Bonds may be purchased at face value plus accrued interest charged from November 1, 1980 to the end of the month of purchase. Accrued interest charges will be at the rate of 11¹/₂% for the months of November, 1980 to March, 1981 inclusive and 13³/₄% for each subsequent month.

Canada

Closing of allowance approved - once again

A request to close a portion of shoreline allowance on Moore Lake that has been pursued since 1971 may finally be coming to a conclusion.

County Council once again approved the sale of the shore allowance abutting the property of Chris Wahlroth to that individual. The approval came at the March 18 meeting of the council and now requires endorsement from the Ministry of Housing before becoming final.

The council last year approved the sale of land on which the cottage sits to the owner. The building is situated entirely on the shore allowance and the original approval had been to sell the land under the structure and one foot out from the eaves to give the cottage owner clear title to the property. The county approved the sale prior to firm policies being drawn up for the sale of shoreline allowances.

However, the sale of just the land under the cottage had been held up by provincial authorities in what Lutterworth Deputy Reeve Glynne Lewis described as "ministerial dithering". Lutterworth officials apparently met with Ministry of Housing representatives earlier this month and it was agreed that if an application was made to close the entire shore allowance, approval would be granted by the ministry. The provincial officials had expressed concern that the property would become a virtual 'island' on the shore allowance if the original

closing was allowed to proceed.

Anson, Hindon and Minden Reeve Lloyd Walker objected to the closing claiming that the cottager had been offered the shore allowance a number of years ago by the Lutterworth council but had refused to accept the township's price. The offer was apparently made when Walker was a member of that council.

However, County Warden Murray Fearrey pointed out that the present application

met the requirements of a county policy drafted and approved last year and indicated his support for the request.

Walker registered his objection to the sale of the shore allowance in the final vote while the remaining members of the council endorsed the request.

All that is left now is for the approval to receive the nod from officials at Queen's Park to end what has been close to a decade's "dithering" on this matter.

Decision deferred on stylist shop

A decision on whether to allow a hair cutting and styling facility in Lutterworth Estates has been put over to a later meeting by Lutterworth Township council. The council met February 18 and heard the request from Bill Kulas on behalf of his wife, Ginger.

Kulas told the meeting his wife wanted to open the facility in a portion of their home in the Estates. He said an addition might be built to accommodate the business. Kulas pointed out that his wife has four years experience and that no stylist was operating now in the township. The petitioner also noted that a large number of elderly residents live in the Lutterworth Pines, across Highway 35 from the Estates, and this business would be a convenience to them and others in the area.

The meeting was told the business would be in operation 5 or 6 hours a day during a five day period and clients would only be accepted on an appointment basis. Kulas said this would reduce

any traffic problems.

Deputy Reeve Glynne Lewis, noting that councillors Bill Prentice and Al Stott were not present, suggested the matter be held over to a future meeting. He said that Prentice has expressed some reservations about business operations in the Estates and felt he should be allowed to comment on the proposal. "We have to consider what we are opening up here and what that may mean to a now quiet residential area," Lewis commented.

Councillor Bill Valentine noted that the townships zoning by-law controls commercial development and if the council maintains the control, problems should not arise.

The consensus of the meeting was to hold the matter over to next month for a decision.

Down, but not out, Home Hardware goalie Doug Pearson smothers the puck as Hall's Insurance players press during the final minutes of the game Monday. Home took the game and the play-off series, defeating Hall's 5-3.

Out-patient activity up at Minden hospital

The number of out-patients treated at the Minden Red Cross Hospital has increased dramatically. That was one of the main points contained in a report on hospital activity presented to the annual meeting of the Minden Red Cross Society March 17.

Over 50 people were on hand for the annual dinner and meeting held this year at the Minden Community Centre.

Mrs. Jean Anderson, administrator of the local hospital, told the gathering that the increase in out-patient visits, from 2896 in 1979 to 4248 in 1980, could be attributed in part to a new method of record keeping. However, she also told the gathering that the out-patient department of the hospital did serve an increased number of individuals during the last year.

While out-patient services increased, the number of admissions at the local facility was down from 1979. The total for last year was 484 compared with 508 in 1979.

In other areas of Red Cross activity, the meeting was told the local contribution to the A.I.D. program was up significantly. This year the local society donated \$520 to the international relief program compared to \$150 the year before. The drive for funds, centred on a bazaar held each summer, is co-ordinated by Helen Burton.

The meeting was also told the society will no longer be sponsoring the swimming program for Minden and area youngsters. The municipality has been aware of the Red

Cross withdrawal from the program and is apparently formulating plans for a summer program this year. According to co-ordinator Eleanor Hall, last year's swim program was a popular success. She said 95 youngsters took part. Hall described the swimming classes as "a necessity" and said the municipality must continue to operate them.

The Red Cross loan cupboard served 92 individuals during the past year with 106 items being handed out. The cupboard loans such reusable items as crutches, wheel chairs and other aids on

a temporary basis.

The executive of the Red Cross society was returned for another one year term. The association will continue under the chairmanship of Rob Luke. A new treasurer was selected to replace Stan Blears. He is Jim Grant.

The guest speaker for the evening was Glynne Lewis, Deputy Reeve of Lutterworth Township and former army officer. Lewis spoke on the current hostilities between Iran and Iraq and their consequences to the western world.

A fruit basket raffle was won by Phyllis Chuang.

Farm news

(from page 5)

price of fossil fuels escalates, these alternate methods, while expensive, may become economical in the long term.

Goats

"Pity the poor goat."

"For centuries it has been accused of everything from habitually eating old rubber boots and tin cans, to being in collusion with the devil. Surrounded by all this mythology and superstition, as well as a lot of ignorance, the goat has had little chance in North America to show just how productive, economical, lovable and easily manageable it really is.

"However, times are changing and the goat's potential, in full-time or part-time farming, is increasingly being recognized today, not only for its milk, but for meat and wool as well."

The above paragraphs are from the introduction in a new bulletin entitled "Goats". This bulletin has just been published by Agriculture Canada, and copies are available from the Lindsay Agriculture Office.

The information in this bulletin is of special interest to someone who has little experience in raising goats. Topics such as breeds, how to build a herd, housing, and care and management are all well explained.

If you have recently acquired a small herd of goats or are just thinking about them, get a copy of "Goats" today.

Cars collide

A two car collision on Highway 503 just east of Gooderham has resulted in close to \$2500 in damages. The accident occurred March 21.

The vehicle being driven by Terrance Stoughton, 42, of Agincourt, was struck by one being driven by Randy Graham, 18, of Simcoe. Damage to the Stoughton vehicle was estimated at \$1600 while the Graham car sustained \$800 damage.

Graham has been charged with making an unsafe turn.

The accident was investigated by Constable Al Barnes.

THE EASTER SEAL SOCIETY

Minden senior curlers enjoy Haliburton hospitality

Due to the construction problems at the new Minden Curling Club, the Minden Senior Curlers were 'seasonal' guests at the Haliburton Curling Club. This fine gesture was made possible by their executive and seniors were guests of Tom Stinson and thus permitted the Minden Senior Curlers to enjoy a full season schedule.

Prior to this season the Minden Seniors always enjoyed entertaining several senior members from the Haliburton Club and now this picture is exactly in reverse. With host Tom Stinson of the Haliburton Club, assisted by Ed Pettinger of the Minden Seniors, these combined Clubs had the full participation of more than 50 senior curlers in their 1980-1981 schedule.

The first schedule terminated on December 18, 1980 and the winning rink was skipped by Tom Hurtt, vice Art Hunt, second Fred Martin and lead Rowland Sedgwick. The second schedule ended February 19, 1981 and was won by skip Lorne Coburn, vice Harold Morgan, second Bill Donnelly and lead Al Stott. Runner-up rink in the first schedule was skip Herb Gill, vice Art Hodgkinson, second John Beachli and lead Cec Riches. Second schedule runner-up was skip Ed Pettinger, vice Geo. Davidson, Pat Clarke and lead Bill O'Neill.

The Round Robin play-offs started February 26, 1981 and rinks were divided into A & B groups so that all rinks could participate in this enjoyable winter sport. At the end of the play-offs, trophies were presented to the following winners of their respective groups.

Winners in the 'A' group were: skip Lorne Coburn, vice Harold Morgan, second Al Barron and lead Bill Donnelly. Runners-up in the first series were: skip Al Stott, vice Aubrey Maxwell, second Gary Durant and lead Jim Gannon.

In the 'B' series, the winning rink was skipped by Les Walling and included vice Gloria Nimigon, second Nick Nimigon and lead Gladys Read. Hal Burton skipped the runner-up rink with Al

Barron vice, Harold Archer second and Hory Baker lead.

The first series winner was skip Tom Hurtt, vice Art Hunt, second Fred Martin and lead Roly Sedgwick.

Special awards were presented to "Super Seniors" Art Hodgkinson and Sandy Stewart.

Host Tom Stinson arranged a Senior Banquet for March 19 and a spaghetti dinner, dessert, coffee, etc. was prepared and served by Mrs. Formica. (An added comment, a good time was had by all, need we say more).

During the 1980-1981 season, these combined Clubs were entertained at a bonspiel by the Peterborough Curling Club and we in turn hosted rinks from Peterborough, Fenelon Falls and Bobcaygeon at the Haliburton Curling Club. It was a fine

display of good curling and good sportsmanship. Our thanks to all who participated and assisted and a special thanks to the ladies, namely, Doris Grant and Peggie Bassett, who generously served morning coffee and a fine luncheon to our guests.

We appreciated the efforts and the co-operation of these two Clubs in that attendance was at a constant peak. Unfortunately, we have to report some absentees who were unable to curl the full schedules due to illnesses, namely, Rowland Sedgwick, Frank Ferris, Mike O'Neill, Harry Cowen and Ivan Clark, also a number of 'Snowbirds' went South, but we know we can count on them for future attendance.

The combined clubs are now making plans for their 1981-1982 season and many

of our members are now making plans for their 1981-1982 season and many of our members will be contacting local ladies and gentlemen (seniors) and in our projections we can visualize more than one hundred persons who will be active in the next season and who will

enjoy this winter sport either as a curler or as a social member.

It is our intention to prepare ads for local newspapers which will be appearing in the summer & fall of 1981 requesting prospective persons to join contact Club members to join

us, be sure to get in touch and keep in touch so that we may show strength and unison for the coming season.

Thank you all for your fine attendance, assistance and co-operation and a special thanks to the Haliburton Curling Club for their generosity.

Pension increases announced

Increases in the Old Age Security pension, Guaranteed Income Supplement and Spouse's Allowance, which are to take effect in April 1981, were announced recently by the Minister of National Health and Welfare, Monique Bégin.

The basic Old Age Security pension will be increased to \$208.20 monthly from the present \$202.14.

The maximum Guaranteed Income Supplement for an individual or a married person whose spouse is receiving neither a pension nor a Spouse's Allowance, will increase to \$209.03 from its current \$202.94. Added to the basic pension, this will give a person receiving both the OAS and the maximum GIS a monthly total of \$417.23.

The maximum Guaranteed Income Supplement for a married couple, both of whom are pensioners, will increase to \$161.16 each from \$156.47. Added to the basic pension this will give each married pensioner receiving the maximum GIS a total of \$369.36, or \$738.72 for the couple.

The Guaranteed Income Supplement is paid to pensioners whose income, apart from the Old Age Security pension, is limited. The amount of the supplement varies in relation to income.

The maximum Spouse's Allowance will increase to \$369.36 from \$358.61. The maximum Spouse's Allowance is made up of an amount equivalent to the basic Old Age Security pension and the maximum GIS at the married rate and it is paid to persons

between 60 and 65 years of age who are married to OAS pensioners and meet residence requirements. Entitlement to a Spouse's Allowance, and the amount paid, is based on yearly income.

Where the pensioner spouse dies, the surviving spouse may be eligible for the

continuation of the allowance to age 65 or until remarriage if the person has no income or a limited amount of income.

Increases in Old Age Security pension and Guaranteed Income Supplement payments are calculated quarterly based on the cost of living.

Snowdon news

The Snowdon Business & Community Group met on Monday, March 16, 1981.

Due to unseasonable weather, our Fun Day and Ski Trail opening day plans were spoiled, however we hope to be able to inaugurate the trails early in the season next year. Reports from friends who used the trails this past winter seem to have been very pleased and enthusiastic about them and are looking forward to using them again next year.

Some long term thoughts and objectives for our Community Park were discussed and it is a pleasure to see such interest displayed.

Our Snowdon Directory maps are now a reality and a small number were available at the meeting for distribution. The maps will be at our local businesses, the Chamber office shortly.

We are in the preliminary stages of planning an auction, flea market and craft sale. It is hoped that this will be held on Saturday, June 27 of this year, at the Lochlin Community Centre Hall park. If any person or organization would like to rent a table for this event, we would be most pleased to have you call Jean Farrell at 286-

2843.

We would like to have a little of everything: baking, garden vegetables, home crafts, antiques, etc. and of course your unwanted treasures for our auction. Remember when you are doing your spring cleaning this year to keep those unwanted treasures for pick-up by one of our members early in June. More information will be available on this event next month.

Another community dance is confirmed...an "Easter Bunny Hop". It will be held at Gelert Gardens on Saturday, April 11. Tickets are available via Fred Simmons at Irondale, Gelert Gardens and Lochlin Store. As a limited number of tickets are available, please get your tickets early if you are interested as we were sold out for the last dance.

It was encouraging to see some new faces at our meeting this month, and we hope to have more of the community take part in the future.

Our next meeting will be at the Lochlin Community Centre on Wednesday, April 15. Everyone is again welcome and encouraged to come and see what this group is all about.

Last in endangered series

The final two stamps in the endangered species series will be issued in early April by the Canadian Post Office. The issue will feature the Vancouver Island marmot on the 17¢ stamp and the wood bison on the 35¢ stamp. These are the last of a series of eight stamps depicting endangered species in Canada.

The Vancouver Island marmot, one of the few mammals unique to Canada, lives only on Vancouver Island. Already few in number, disturbed in its environment, and hunted by man and predators, the marmot population is on the decline. At present only 50 to 100 survive.

The wood bison is a slightly larger, darker, and woollier northern subspecies of the plains bison or buffalo. Hunting and severe winters have reduced the wood bison population. By 1922 no more than 2,000 remained, centred

on what is now Wood Buffalo National Park. Interbreeding nearly wiped out the subspecies when the plains bison was introduced to the area. However, in 1957 the Canadian Wildlife Service discovered a purebred herd of 200 wood bison and has since been working for their preservation and propagation. Nearly 800 wood bison now exist.

Robert Bateman, internationally known wildlife painter, has shown the wood bison in a wintry setting among the trees that distinguish its habitat from that of its relative, the plains bison. The marmot, painted by Michael Dumas, is depicted emerging from its burrow in a grassy clearing in the mountainous interior of Vancouver Island.

There will be 21,500,000 marmot stamps and 12,500,000 wood bison stamps printed by the Canadian Bank Note Company, Ottawa.

Minden W.I.

The monthly meeting of Minden Women's Institute was at St. Paul's Parish Hall on the afternoon of the 18th with President Mrs. Clare Brown opening with a verse. The Roll Call of Favourite Recipes were exchanged by 17 members and 3 guests were made welcome.

Collections for the Cards and Pennies for Friendship were collected after Mrs. Moore had reported sending 25 cards to shut-ins or others. Please let her know of anyone you know who might like to receive a card.

Mrs. Lyman Cox gave a report of District Directors Meeting - membership is now \$3. District Annual for Victoria East is at Bobcay-

geon on May 12th. October is Minden Branch's turn to send a letter to district Foster Child in Jamaica. She also reported having \$21 in the Pennies and today's collection would be added to this.

It was decided to have a Sale of Baking, Bazaar Items, White Elephants, Slips and Plants on the Main Street the morning of May 30th and draw for quilt will be made here as well.

A verse read by Maud Coulter brought the meeting to its adjournment. Next meeting will be at the United Church Hall at 2 p.m. on April 15 with all members and other ladies welcome. A delicious lunch and cup of tea was served by the ladies, and all enjoyed a social time.

PUCK TALK

Tykes

The Minden Tykes took part in a Novice 'C' tournament during the weekend in Fenelon Falls, winning two of the three games they played.

In the first contest, the locals defeated Woodville by a 2-1 margin. Aaron Hie scored both of the goals for Minden, the first unassisted while Kevin Buchanan assisted on the second.

Minden defeated Millbrook 2-1 in the second contest. Justin Gentle scored the first goal, unassisted, while Aaron Hie tallied the second marker, again unassisted.

Minden met their match in the third contest as Ororo defeated the Monarchs 4-1. The lone Minden goal went to Aaron Hie.

Novice

The Minden Novice team has won the consolation play-off championship. The title came with a victory Thursday evening in Fenelon when the team defeated their hosts 3-0.

Earlier in the week the Minden team had met Fenelon in the local arena and split the contest with a 2-2 tie. Both teams went scoreless until the final period when Fenelon opened with two goals. Kent Taylor scored for

Minden at the 8:17 mark, on a pass from Robbie Ackers. With just 11 seconds left to play, Joey Boyle evened the score on an unassisted effort.

In the fifth and deciding game in Fenelon, Joey Boyle scored two of Minden's goals. One was unassisted while the other came with the assistance of Jamie Dollo. The other Minden marker was scored by Randy Bull, unassisted.

Congratulations to the Novice team for their consolation championship victory.

The team also played Saturday in the Glen Dart Tournament in Haliburton. In the only contest for the team, they defeated Haliburton 4-2. Lorne Greer, usually found between the pipes for the novice team, played out front this game and scored a goal. Taking his place in net was Kent Taylor who served as goalie last year.

Joey Boyle also connected for a pair with the other single evening to Mike Hughes. Boyle was named the first star of the game.

The schedule

A reminder of the Tyke tournament this Saturday at the Minden arena. Games begin at 8 a.m. and continue throughout the day.

Members of the victorious Home Hardware team in the Minden men's recreational hockey league include, from the left, back row, Scott Gartshore, Jim Winn, Bob Sisson, Ted Vasey, Barry Walker, 'Moose' Brule, and Paul Blackburn. In the front row are Tony Labarge, Steve Bowcott, Doug Pearson, Dave Dollo and Shaïne McKelvey. Missing from the photo is Rick Osinchuk. The team defeated Hall's Insurance Monday evening to take the play-off championship. For game details see page three.

Tips for the kneady

Many homemakers are re-discovering the joy of baking bread. Since ingredient prices keep rising, food and nutrition specialists with the Ontario Ministry of Agriculture and Food suggest ways to raise nutritional value and lower food costs.

Flour is the major ingredient and primary expense. While whole wheat flour can cost a few cents more than enriched white, it does offer more flavor, more food value, and slows down the natural staling process.

Compared to white flour, whole wheat flour has less gluten, which is the elastic protein that allows bread to stretch and rise as the yeast grows. It also contains bran which can cut the gluten strands. The result is a smaller, denser loaf. This explains why many breads are a blend of whole wheat and enriched white flours. For the greatest success with home-made whole wheat bread, develop the gluten thoroughly. Beat the white flour-liquid mixture well, by hand or by electric mixer, before the whole wheat flour is stirred in.

If you plan to make a large quantity of bread, buy yeast in a can rather than in envelopes. You can save money this way. If the recipe requires one envelope, measure 15 millilitres (mL) or one level tablespoon. The can's snug-

fitting plastic lid keeps the yeast fresh once it has been opened.

Many recipes call for more yeast than is necessary. Unless you are using only whole wheat flour, one envelope of 14 mL is enough for two average-sized loaves.

To lower cost and calories, reduce the amount of sugar and fat. The bread will just be as good, especially if it is kept frozen. Slice it before freezing and then thaw the amount needed each day.

Nutritional value can be increased economically by using skim milk instead of water and by adding 125 mL (about a half cup) of wheat germ for every two loaves. The pale yellow raw wheat germ, which is much cheaper than the brown toasted variety, should be stored in the freezer.

Bread can be made over a 24-hour period. Mix and knead the dough one evening. Put it in a bowl large enough to hold when doubled and leave it at room temperature for 20 to 30 minutes to start the rising process. Cover tightly with plastic film or foil and refrigerate. The next night, punch the dough down, shape it and let it rise until double in size. Remember the dough may take a little longer to rise because it's cold. Place the dough in pans and bake. The results will be delicious and nutritious.

School Break is here and we wonder what your children are doing, or were you one of those families who "winged" their way south?

Just two ladies at Hyland Crest celebrating their birthdays, with good wishes to Zilpah Hie on April 6 and Ann Fountain on April 21st.

On the Second Chance Draw on non-winning Wintario tickets, these were taken by Helen Minto at Mae's and Betty Milburn at Stedmans.

There were St. Patrick's Draw at the Brown Owl with first, a cake going to Freda Harrison, second, tarts, going to Ken Crawford and third, bran muffins, going to Steve Beaver.

Sincere sympathy goes to the families and friends of the late Arthur Morrison (West Guilford), Stewart Wilson (Haliburton) and Leon Allen (Kinmount) and sympathy to Isobel Harrison on the death of her brother.

Monday guests with the Bill Moores were Mrs. Al Brydson and Lesley Anne of Bracebridge and the Earl Bird family.

Wedding bells were ringing on Saturday for Mr. and Mrs. Roger Danilko (nee Susan Kofler).

Mr. and Mrs. Robert Brown of Toronto spent the weekend with his parents Rheta and Clare Brown and grandchild, Alyson, is staying for this week.

Guests early this week with the Mervin Bunkers were their daughter Linda Wilson and children from Stouffville.

Mrs. Harry Welch stayed for a nice visit with the Ron Welch family at Frankford last week.

Diane and Glen Coulter and Kim of Ottawa were weekend guests with Angus Coulter.

All their friends send good wishes to these people who were in hospital; Gladys Stamp, Bud Anderson, and Pearl Cowen.

Kim and Don Maw and Paul of Perth are visiting the Ken Cox's this week and other relatives as well.

Fern Besner of Kapuskasing is visiting this week with her mother Irene Stamp and other relatives in our village.

Guests this week with her mother, Annie Kernohan, are the Tom Parish family of Willowdale.

March is income tax and mud And willows bursting into bud March is sniffles. March is sleet, March is tough on nose and feet. March is sun and wind and chills

chills And crocuses and daffodils. March is winter, March is spring... March is some of everthing.

Anon

Guest with Mrs. Arnold Coulter has been Clara Coulter of Peterborough.

Shelly Russell of Whitby and fiancé Daniel Therrien, of Oshawa visited with the Bob Hughes over the weekend.

The Ken Kernohans of Dorset are visiting this week in our village with relatives and friends.

The Harold Coulters and the Floyd Millers enjoyed a birthday party with the Leslie Coulters of Kirkfield on Saturday.

If you feel you need a change I know a simple thing to do... Shut your eyes, then open them And take a different point of view...

Anon

If you are messy like me, when you water your plants, just use some ice cubes.

Now is a good time to slip those houseplants so they will be ready to set outside when the weather is suitable. Also it might not be too soon to

start those tomatoes, etc. for planting.

Sometimes early, sometimes late, Sometimes long past the date; Sometimes chilly, sometimes mild, Often still - more often wild!

Sometimes slow and sometimes fast, (Is she really here at last?) Sometimes bright and sometimes grey, But springtime's welcome anyway.

Anon

Two coming events, the L.O.B.A. Card Party at the Morgan Trumbulls on Monday, March 30 at 8 p.m. and they play euchre and cribbage and serve a grand lunch. Then on April 2 at St. Paul's Parish Hall at 8 p.m. is their card party for the Foster Child and here they play euchre, cribbage and bridge. Also prizes and excellent lunch.

Really March weather with its cold winds, but Spring is coming, drive carefully. Cheerio until next time.

Lines from Lutterworth
by Jean Lacey

Hi! Guess a lot of people have gone away for the March break. In fact, they call this Canada Week in the States because of the tourists going down for March break.

We have our grandchildren Michelle and Jim Cruickshank, with us for a few days with their friends, Claire Kelling and Paul Anderson.

Also with us for the weekend, was our son Bill and his wife Wendy and their daughter Dawn Marie.

Claire Brooks had her mother visiting with her for a few days. Mrs. Brooks took her back home to Toronto and stayed with her for the weekend.

Jean and Earl McDonald had Ken Storey from Aurora visiting with them for a few days.

Verna and Roy McDonald had their daughter Marilyn and granddaughter, Jaime Longfield, from Mount Albert with them for a few days.

Steve and Betty Fox visited in Oshawa over the weekend.

The Floyd Miller's went to a family birthday party in Kirkfield.

Betty-Jo and Diane Clayton have gone to Lindsay for their school break.

The Ken Bowron's visited with the Floyd Miller's for an evening.

Gary and Sandy Wilson with their children, Scott and Lindsay, from Ajax, were up visiting with the Dunsford's over the weekend, as were Pam and Rick Dunsford from Fenelon Falls.

Clare and Reta Brown had their son Robert and family from Rexdale for the weekend and granddaughter Allison is staying for a week.

A mountain shames a molehill until they are both humbled by the stars.

Hint of the Week
To clean a picture - a print, a photograph, even a map - rub it gently with soft bread-crumbs. Clean gilt picture frames with flat beer. Or use a sponge that's barely moistened with turpentine.

Kid's Korner
Kids watch out for traffic not that you are home on your March break.

What is the hamburger's most familiar song?

Home on the Range

How do you insult a hamburger patty?

Call it a meatball!

Which burger has four legs, whiskers, and a tail?

A cat-burger (burglar)

Where do the burgers go New Year's Eve?

To a meat ball!

What is black and white and "read" all over?

The Times

How do they prevent crime in hamburger country?

With burger alarms!

Why aren't burgers the least bit scared of Hallowe'en?

They're used to people "goblin" them!

Why do hamburgers make poor stool pigeons?

They won't talk no matter how long you grill them!

Bye for now. Take it easy. God bless till next time.

Taylor Kernohan

After a lengthy illness, passed away at Minden Red Cross Hospital on February 16, 1981, Taylor Kernohan in his 75th year.

Beloved husband of Vivian Kernohan (Pritchard) dear father of Bud of Whitby, (Nila) Mrs. James Graham of Huntsville, (Merle) Mrs. Wm. Barkwell of Huntsville, and Allan of Oshawa; predeceased by son Beverley.

The funeral service was held from Gordon A. Monk Funeral Home, on Wednesday, February 18 at 1:30 p.m. Spring interment at Minden Cemetery.

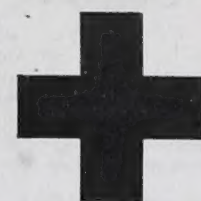

The floral tributes were many and beautiful with many donations to Minden Red Cross Hospital, Heart Fund, and Lung Association.

The service was conducted by the United Church minister, Reverend Douglas Miller.

Taylor lived most of his life on a farm, on the Deep Bay Road, and worked many years at Onondaga Camp west of Minden.

Honorary Pall-Bearers were Grandsons of the deceased, Jerry Graham of Timmins, Rick Graham of New Westminster B.C., Michael Graham of Huntsville, Tony Kernohan of Oshawa, Randy Kernohan of Oshawa, Larry Kernohan of Whitby and Dale Kernohan of Whitby.

Parent and Child Swim 1 & 2

During this ten week class, parents and pre-schoolers will get a head start on the swimming season. In a structured setting children will learn the basics of swimming. Class size is limited to eight sets of swimmers (parent and child). Each child must be accompanied by an adult. All swimmers must bring their own towel and bathing suit.

INSTRUCTOR: Elizabeth Cowen
TIME: Tuesdays, April 7 - June 9 (10 weeks)
SESSION 1 - 9 - 10 a.m.
SESSION 2 - 10 - 11 a.m.
LOCATION: PineStone Inn Pool
FEES: \$25.00 per child

This class is for the pre-schooler aged 1 - 5 years old.

I BELIEVE...

THERE NEVER WAS AND NEVER WILL BE
A MORE SINCERE, ENERGETIC
AND
SUPPORTIVE GROUP
THAN
ALL THE PEOPLE WHO WORKED SO HARD
ON MY BEHALF IN THE ELECTION
OF MARCH 19.

TO THE WORKERS, THE VICTORIA-
HALIBURTON PROGRESSIVE CONSERVATIVE
ASSOCIATION AND TO THE VOTERS
-- PLEASE ACCEPT A HEARTFELT

THANK YOU!

Wallace and Dorothy Cald-
well. LOCATION: Lakeview
Centre, Haliburton. For
further information and regis-
tration call 457-1680. 3D

All parents are invited to
attend a film night presenting
films used in Senior Schools
in Haliburton County on
puberty, sexuality, birth
control and V.D.

The films are as follows:

- Family talks about Sex
- V.D. Quiz
- Then One Year
- Am I Normal
- His Responsibility
- It Couldn't happen to me
- Taking Chances

These films are being
presented in order to inform
parents (1) What is available
for Sex Education classes in
schools. (2) To increase their
own knowledge and aware-
ness of Sexuality and Birth
control, to assist them in
discussion with their own
children.

Dates and Locations are as follows:

- (1) Archie Stouffer Public
School - library. Monday,
March 30, 1981. 7:00 p.m. to
10:30 p.m.
- (2) Haliburton Senior
Elementary Public School -
library. Tuesday, March 31,
1981. 7:00 p.m. to 10:30 p.m.
- (3) Cardiff Elementary
School - Thursday, April 2,
1981. 7:00 p.m. to 10:30 p.m.

Films are being presented
by Haliburton, Kawartha,
Pine Ridge District Health
Unit in co-operation with the
Haliburton County Board of
Education.

All interested adult
members of the community
welcome! 3CD

ANNOUNCEMENT

JOHN O'TOOLE

We are very pleased to welcome
John to our Minden sales staff.

John wishes to inform his many
friends and clients that he can now
offer them a much wider and more
diversified range of real estate
services.

For our part, John's well deserved
reputation for sincerity and fair deal-
ing will certainly help us to continue to
offer "service in a business-like way".
